NEW PARISH HOUSE

Bishop Rhinelander Takes Part in Centennial Celebration Services at St. Luke's.

The ceremonies attending the dedication of the new parish house of St. Luke's Episcopal church, at Germantown avenue and Coulter street, last Saturday, attracted a large number of prominent churchmen. The service, which was part of the centennial celebration of the founding of the church, was in charge of the Rev. Dr. Samuel Upjohn, the pastor, who was assisted by the Rev. G. H. Denison and the Rev. R. K. Yerkes, the curate. Bishop Rhinelander presided at the service and delivered an address, complimenting the generosity and spirit of self-sacrifice in the church that made possible the erection of the edifice.

The new parish house is a handsome stone structure built at a cost of \$25,000 to supplant a building completed in 1867.

Saturday night the Men's Bible Class of the church held a reunion in the new building of the class more than 40 years. Bishop Rhinelander and the Rev. R. K. Yerkes, present teachers of the class, delivered short addresses.

In connection with the centennial celebration special services were held last Sunday.

A. J. Thompson has sold his 44-acre farm in New Britain township, near Chalfont, to David Shoemaker, of Ogontz. Possession at once.

The farm late of William J. Naylor, deceased, in Newtown township, formerly occupied by the late George Brooks, containing 90 acres, has been sold by William T. Wright, agent, to Clarence Hyman, of Bristol, on private terms. Jacob Gunser, now living on the Straubmiller farm, in Northampton township, will lease the farm. Mrs. Naylor will remove to Camden.

Work has been started on the new Girard avenue, Philadelphia, station of the Reading Railway, which will consist of two steel and copper passenger stations, 25 by 35 feet on the east and west sides of 9th street, at the intersection of Girard avenue at a cost of \$50,000. There also will be two open sheds, each 8 by 234 feet. The contract was awarded to Irwin & Leighton and the work will be hurried to completion.

THORNLESS BLACKBERRY

Luther Burbank Obtains It After Working Ten Years.

The thornless blackberry has arrived. White Luther Burbank was showing a party of Australian boys about his garden, at Santa Rosa, he said: "I will show you something about which nothing has been said as yet. It is the thornless blackberry. It has not been described yet, and possibly will not be for some time. You see, I have to be careful about stating anything about it. It is a reality."

Mr. Burbank has some branches from the bush and they were carefully examined by the visitors. No thorns were visible, the surface of the branches being as smooth as silk. The fruit is said to be of fine flavor and quality.

Mr. Burbank told the boys he had worked ten years on the blackberry bush endeavoring to remove its thorns.

THREE HOUSES ROBBED.

Several burglaries were committed at North Wales on Thursday night, at each place the lower floors of the houses being ransacked and clothing, furniture and silverware was also stolen.

The operations of the thieves were confined to the vicinity of the avenue. At the home of Mrs. S. U. Brunner, a window was broken and three overcoats and a sweater are missing.

At Wilmer Swartley's the kitchen window was forced and a suit of clothing, several coats, silver and a small sum of money was taken.

A few doors away at the home of Adam Keller a window in the kitchen was forced open and the entire downstairs of the house ransacked. Some silverware is missing and also clothing.

THE CENTURY IN 1912.

Henry T. Pinck's paper in the November number of the Century on "Gastronomic America" is to be followed by two others carrying further the discussion of this timely and important subject. These later papers will be practical suggestions on multiplying the pleasures of the table and the future of cooking and eating.

Mr. Pinck for many years has made a specialty of gastronomic subjects. Mr. and Mrs. Joseph Penning, either author of note, and well-known experts on Whistler, will contribute an early number of the Century a paper presenting a somewhat neglected phase of activity of the great American painter. The illustrative material will be new to the public.

While engaged in butchering at Doylestown, William Bye, of Mozart, was accidentally shot in the eye with a rifle. His life is not considered, but he will lose the sight of his eye.

Dropsy— Given up by Doctor

"I had dropsy, and was told by my family physician that there was no chance for me. My family also gave me up. My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from smothering. I took Dr. Miles' Heart-Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous."

L. TURLEY CURD, Wilmore, Ky.

Dr. Miles' Heart-Remedy has been wonderfully successful in relieving heart trouble. Its tonic effect upon the heart nerves and muscles is a great factor in assisting nature to overcome heart weakness.

Dr. Miles' Heart-Remedy is sold by all druggists. If the first bottle does not benefit, your druggist will return your money.

HOUSEHOLDERS' CLUB MEETING

Topics Discussed at the November Meeting, Held at Willow Grove—Paper Back Cooking and Other Domestic Economy Hints—Next Meeting to be Held in Hattboro.

Householders' Club held its November meeting at the home of Dr. and Mrs. Franklin Watson, Willow Grove, last Saturday evening, with Isaac Parry presiding.

P. P. Green told of the fine second crop of hay which he had harvested the past two weeks. It was better in quantity and quality than for several years and was composed of alfalfa, clover and timothy.

Alfred Williams said farm prices are about the same as last month. Hay is selling well.

Anna H. Penrose, of the domestic economy committee, said a mixture of ammonia and milk was good to wash the white frames of pictures. She also spoke of the value of honey as a food and of its use in cake making instead of sugar as a less quantity is required.

Elizabeth H. Comly spoke of the gasoline iron as a great labor saver where there is no gas or electricity. It needs to be filled with fuel and about every hour and five cents will pay for a large ironing, while the saving in time is very great. She has also tried paper hangers with excellent results. To roast a leg of lamb or any other meat, grease the inside of the ham with butter. Season the meat and roll in flour and place in the bag with a little water, fasten the end and the ham is rolling and pinning. If it is desired to bake the potatoes with the meat put them in also. The oven should not be too hot. When done the meat will not be shrunken as is the case in an open pan, and it will have a very good flavor. Both potatoes and meat will be nicely browned. The gravy may be put in a pan and thickened if desired.

Mrs. Comly also spoke of making sauce from pears, quinces and apples combined. When making any kind of sauce the sugar immediately added and sets the fruit on the back of the stove until enough juice is formed to cook it. She considers this much better than when cooked in water and the sugar added afterward.

Under current topics Howard Jarratt spoke of the Home and School League which has done so much for pupils, teachers and parents alike.

C. S. Kinsey, of the Willow Grove Eye Hospital, Philadelphia, for treatment, by Albert Fisher, Hattboro, Pa., was read showing the value of the farming industry to the world and the duty of every farmer to study his business.

Elwood Paul said he exterminated caterpillars by burning their nests. The club adjourned to meet next time at the home of Mr. and Mrs. Walter Buckman, Hattboro, Saturday evening, December 24 at 7:30 o'clock.

FARM TOPICS DISCUSSED.

Buckingham Farmers' Club held its November meeting last Saturday. John Loux, for the Crop Committee, reported all crops harvested, except corn and apples. He stated that some corn was damaged by storms, and that the late potato crop turned out better than the early crop.

Officers for the ensuing term were nominated as follows: President, John Loux and William Wilson; vice president, Randolph Purcell; secretary, Mrs. Randolph Purcell; executive committee, Mrs. John Underwood, Mrs. William Wilson and Joseph Patis; reporter, R. Purcell; editor, William Thompson; treasurer, William Hilles.

"Which is the more profitable, to keep a dairy or to raise dry stock?" Walter Wiley said there was a great deal to consider in this question. Last year feed was high, and cattle high in the fall, but cheaper at selling time, making profits small. He did not think there was any profit in a small dairy.

"In what way does lime act upon the soil?" Frank Loux said it sweetens sour soil, loosens up clay soil, and if applied to a field with moss and sorrel, it is a very good preventive.

"How produce winter?" John Underwood said by having early hatched pullets, and giving them good care and plenty of green food and meats all winter.

"What causes brown rot in potatoes, and what is the remedy?" Joseph Wismer, who sent an answer to this question, stated that brown rot in potatoes is caused by blight. Seed free from blight should be used, and Bordeaux mixture for spraying.

Henry M. Gelsinger, of Perkasie, aged 77 years, committed suicide on Sunday evening by jumping to a bed-post with his necktie.

Frank Adams was killed Sunday by a car driven by one of the early trains. He is survived by a wife and two small children, who reside on Maple street, Ambler. Coroner King made an investigation.

COUGHS AND COLDS

Often danger for months, and may turn into pneumonia. If not taken in time. Dr. Williams' Pink Pills quickly and surely cure Cough, Sore Throat, Bronchitis, Catarrh, Whooping Cough and Croup. A bottle always in the housekeeping is a life-saver. 25 cents.

RACE MEET

Interesting Event, Fire Companies Realize Good Amounts.

The beneficial race meet held at Warmistown, Saturday, November 4th was well patronized, considering threatening weather at noon. The track from freezing and thawing in shade of woods was unsuited for racing, some horses remained under shelter.

Mr. Downing broke sulky in first heat and harness in second, destroying his chances of winning.

Slow class 3 starters, Polly Farm club, Harry R. and Fra Jr., finishing in order named. 2:30 class Pure Gold from Polly Farm and Star Boy, Worthington's from Neesham, latter winning time 2:52, 2:40 class Paule R. Sinal Stakes, Grey Girl the latter through mishaps above mentioned was handicapped, race going to Baker's. Parole R. Free for all 4 starters Bray's speedy pacer Cana G. winning first heat, through losing quarter horse and catching quarter, seemed to lose his stride when Paul C. the Hattboro favorite outstayed the field, winning second heat in the remarkable time of 2:24, with Worthington's Happy Jack the hot contender down stretch. The third heat was won by the perfect performer Easter Boy, who takes the whip without a murmur and speeds on with the swiftness of a whirlwind, if necessary to win to the wire. Thanks to driving club for track, and to the Hattboro racing course, to all helpers for their earnest efforts also to the Newtons horse race for their assistance and members of our companies as far as convenient should return the compliment by attending and contributing toward their benefit. The proceeds, \$58.00 was divided pro rata between the three companies.

BULLET PUT OUT EYE.

William By, of Mozart, Will Lose the Sight of One Eye, by the Accidental Discharge of Rifle.

By the accidental discharge of a rifle used in butchering, William By, a prominent resident of Mozart, was seriously shot, Monday morning about 10 o'clock, in the back of the head, and the bullet probably lost the sight of one eye.

Several neighbors were helping Mr. By butcher and the bullet was picked up the rifle when it accidentally discharged. The bullet entered Mr. By's eye and passed out at the base of the nose.

Dr. E. M. Ellis, of Forest Grove, who was hastily called and the injured man was taken to the Willow Grove Eye Hospital, Philadelphia, for treatment, by Albert Fisher, Hattboro, Pa., was read showing the value of the farming industry to the world and the duty of every farmer to study his business.

It is said that Mr. By's life is not endangered but that he will undoubtedly lose the sight of one eye.

TWENTY HORSES PERISH

Stable Fire Swept Rapidly Over Them. Twenty horses were burned to death and a mounted policeman received painful burns, while effecting the rescue of the owners in a fire Monday night, which destroyed the stable connected with the North Philadelphia, Drove Yard Hotel, Third street and Rising Sun lane. The loss caused by the flames is estimated at \$10,000.

The structure, which was a frame one-story affair, was rented and used by Richard Rodgers, a contractor. There were twenty-seven horses in the building when the fire was discovered by Mounted Policeman, Holtry, of the Grant and Westmoreland streets police station. A local alarm was sent in by the bluecoat who turned his attention to the rescue of the endangered horses.

By working rapidly the policeman succeeded in getting seven of the equines out of the blazing structure. Fanned by a stiff breeze, the flames quickly gained headway in the hay and straw, and the fire was forced to discontinue his efforts at rescue, but not before he had received burns on the face and hands. His hair, too, was singed. Several times during the progress of the fire the hotel building was threatened. After several hours' work on the part of firemen the blaze was extinguished.

OLD MAN DIES FROM HURTS

Found in Stable Near Home, Succumbs in Hospital.

Injuries received in an accident on Saturday night and to which he gave little consideration at the time resulted in the death last Monday night of Charles Cutler, 62 years old, of Bristol Pike and Knight's road, in the Frankford hospital. At the time he was hurt the man was taken to St. Mary's hospital, but refused to remain in the institution, declaring that he was not badly injured, it is declared.

Cutler fell at Frankford avenue and York street. He struck his head on the curb and was hurt to his feet and advised to go to a hospital. There the physicians considered his injuries serious. Cutler, it is alleged refused to remain in the institution, saying that he felt no inconvenience. He was about all day Sunday. He was discovered Monday in an unconscious condition in a stable near his home, and was taken in a wagon to the Frankford hospital, but died from fracture of the skull a few minutes after admission.

A man's pains are due to bad luck and his gains to his good judgment—so he thinks.

Fortunately a young man can't even imagine that his best girl will look like her mother in four years hence.

On Sunday, November 19th, special services will be held in Boehm's Reformed church in Hattboro, for the unveiling of a bronze tablet presented to the congregation by the Boehm family of this generation.

HORSE THIEF HUNTERS MEET.

Sixty-eight members attended the annual meeting of the Concord Towing and Hauling Company, Saturday, at Pottsville. All of the old officers were re-elected. The president is Charles T. Wilkinson, of Bushland, the secretary, Samuel Radcliff, of Jamison, and the treasurer, Edward D. Westfall, of Jamison.

ENTIRE CLOSURE SALE

STOCK, CROPS, MACHINERY, WAGONS, HOUSEHOLD GOODS, ETC.

Charles K. Parry, on premises situated on the Red Lion road about mid-way between Hattboro and Pottsville, or one mile west of Red Lion, Pa., on Wednesday, November 22, 1911.

An Innovation in Oil Heaters

The Perfection Smokeless Oil Heater, with its drums enameled in turquoise, is an ornament to any room, whether in the country or city home.

No home is quite complete without a Perfection Oil Heater. It is a necessity in the fall and spring, when it is too warm to start the regular heating apparatus, and too cool to be without heat. In the midst of winter it is often convenient as an auxiliary heater, as there are always some cold corners in a house.

The enameled heater always presents a nice appearance, as the enamel will not tarnish or burn off. It is not an "enamel paint," but it is the same as the enamel of your cooking utensils.

The Perfection is the most reliable and convenient portable heating device you can find. An automatically-locking flame spreader prevents turning the wick high enough to smoke.

COMPLETE ASSORTMENTS OF FALL SUITS

are ready for your inspection any time. You will find a more than ordinarily attractive variety of good looking garments in the season's newest models, fabrics and colorings. You won't find better styles than these suits represent—no matter how much you are willing to spend. And purchasing here, you will pay the minimum price for which clothing of this character can be sold.

OF INTEREST TO WOMEN

A COMFORTABLE WRITES OUR READERS

Dear Spirit-Readers:—
This November is here and our attention is called to the care of the outdoors. It is time now to dismantle the house of screens, and the careful housewife will scrub the frames, oil the wire part, and place in the store room or some closet, so that all will be ready for the next fall of spring time. We are constantly being lectured on the subject of flies and their disease spreading qualities, so that it is well to be prepared to fight their first appearance.

All roofs, chimneys and gutters should be inspected against the coming of snow, a coat of paint now may save many dollars worth of damage. Outside drains should also have your attention.

The garden products such as carrots, parsnips and turnips should either be put in a cold cellar, or placed in a deep pit in the ground, and covered with straw and earth to keep from freezing. Manure should be spread on the garden, and the perennial border should have a thick covering of short manure with a top dressing of straw. Bushes and young trees should be mulched, but do not dig around roots, as this makes their firm hold on the ground less secure. Asparagus tops should be cut and burned and a heavy dressing of manure given the plants, for they are hungry creatures.

GOWNS AND DRESSMAKING.

The evening and dinner gowns have been little changed in material or style since last year. In fact I think the departures from 1910 styles that I have seen in leading New York dress makers are not any improvement. The most gorgeous material are seen and used, but the delicate chiffon and soft clinging silks are in as much demand as ever. Could we find a more beautiful combination than delicately tinted satins with chiffon? There is nothing so graceful nor so easily draped as chiffon. Laces are in highest vogue and any lady so fortunate as to have inherited their grandmother's lace collar or shawl, should use it now as an overdress.

VARIETY IN TRIMMINGS.

After selecting one of the many beautiful fabrics that fall fashions are weaving for you, you are confronted with the problem of trimming the dress. The designers have provided for all colors, lines and combinations, and a wealth of trimming is shown for your benefit.

First there are gorgeous beaded trimmings, that are lovelier than those of last year—and who could imagine anything to surpass the beauty of the spring? But the seemingly impossible has been accomplished. Garments of lace, tulle, and hands are made of chiffon, net, and beaded in oriental colors and effects. The Egyptian and East Indian motifs are prominent, and Persian collars vie with them for favor.

Besides the beaded accessories, there are fringes of beads that are convincing and tempting in their beauty.

Fringes of silk, of chenille and of Irish crochet lace and balls are also de vogue. This trimming is perhaps the most persistent factor in all plans of the French designers.

Exquisite embroideries are offered to your inquiring eye. Here are bands of net embroidered in ribbon that give raised effects in flowers, which are much used in the quaint Louis modes. Then there are combinations of silk and beads.

The vogue for chenille embroidery is emphasized in the majority of cases. Closely related to this is the favorite imitation of wool embroidery.

Imitation jewels are used on trimmings for decorating evening gowns. Rhinestones that are of expensive quality are combined with coral and sapphires in wonderful designs on ornaments for dresses.

Gold and silver metallic effects are exploited by many modistes, and are wearing especially they will hold important place.

Buttons are shown in greater numbers than ever. And that's saying much for buttons.

The smallest shapes of black velvet and satin are used on neckwear and blouses. Bone buttons colored so that they match the fall suits are decided features in trimming tailored suits. Pearl buttons and tortoise-shell are used on long coats, and silver and brass are in evidence on collars and cuffs of bright colors.

Brads and cords are another decorative art for fall use. The brads are twisted and turned into all kinds of ornaments, and the variety of widths and designs in the flat brads ought to meet every demand.

Altogether, the decoration of your gown is solved for you. From the immense offering of the fall the Paris designer chooses and it is for you to emulate his style.

NEW STYLE IN PETTICOATS

They Are Much Narrower Than of Old and are Made of Soft Material.

With the continuance of the narrow skirt, the petticoat is of prime importance and we see the most adorable models in the shops. True, they are much narrower than the styles of old and are made of soft materials.

The Jersey material for the top portion has proved to be a success, that we find it used in every grade of skirt, from those having flounces of crepe or lace to the case of satin or tulle. The new petticoat is brilliant in color or is decorated with flowers of delicate hue on a ground matching the suit.

In the medium priced skirt, soft flannel tulle will be used extensively. This material being found satisfactory as it has not the rustle formerly so much desired, and its wearing qual-

ities are greatly improved. There is a great deal of talk of the wider skirt, women are loth to sacrifice the slender figure, and with so great trouble, and manufacturer, realizing this, have made the new skirts no wider than two and a half yards, which width hangs gracefully under the new fall suit.

HOME DRESSMAKING HINTS.

A Few Points for the Needlewoman.

There is an almost endless amount of little bits of advice that can be handed on to the home dressmaker by others who have gleaned the knowledge by experience. Experience is the best teacher in the dressmaking line as well as everything else, and it often takes many a costly failure before perfection is reached. Velvet is one of the most difficult fabrics to work with, and especially to the care that must be taken in the pressing. When velvet is used, in rippling the bustling thread, cut them even, few finished and if a part must be altered, shoving stitches, or the pile of the velvet is crushed, fold a piece of muslin to the inside and place it close to a hot iron which is stood up on its broad end. This will mark the marks out. Velvet seams, and sometimes cloth will not bear pressing in the usual way, but by standing a warm iron with the small end up, opening the seam with a dampened finger and running the center of the seam over the iron, the seams can be opened without marks. Velvet must not be pressed with a warm iron.

Chiffon, net and other thin fabrics are also difficult to work with, and are especially hard to cut out. Thin pieces of fabric are difficult to get over this difficulty, however. For tucking on the machine, it is almost absolutely necessary to stitch a layer of tissue paper to prevent it from puckering and gathering up.

In stitching muslin or linen on the sewing machine, when the fabric sometimes seems to resist, it is well to rub the seam with a little white soap. It is well to keep a small piece of soap in the pocket of the machine. It is also well to remember that cold water and a little pure white soap will remove all traces of oil from the machine. To keep silk thread from unwinding too rapidly when sewing on the machine, put a small piece of thick cloth under the spool.

GOOD RECIPES.

CHEESE SOUFFLE.

Another worthy luncheon entrée is cheese souffle which makes an appetizing bite for the cold days soon to be with us. To prepare, mix two tablespoons of flour, season with salt and red pepper, and add a pint of milk. Let it come to a boil, then add to it cold oil. When cool add yolks of three eggs, three tablespoons of butter, and the beaten whites of the eggs. Pour the whole into a buttered tin, lay over the top a piece of brown paper and bake in quick oven 10 minutes.

PRUNE DAINY.

For a delicious prune dish, which is easily prepared, as it requires no cooking, soak prunes twelve hours or more and stew until tender in the same water with a little sugar and orange juice. When cold chop fine, flavor with just a little sherry. Stiffly beaten egg whites are added in the proportion of a white to each cup of prune pulp. Serve in cone-shaped glasses with whipped cream top. It should be very cold.

A good layer cake is a dessert in itself. For a rich but not indigestible one, which is a great favorite with domestic epicures, try this rule:

Two cups sugar, one cup butter, one cup sweet milk, whites of eight eggs, three cups of flour, three tablespoons of baking powder and one teaspoonful vanilla. Bake in three layers. Make the filling of one cup sugar, half cup water cooked until the syrup strings. Stir into it the white of one egg well beaten, half a pound of blanched almonds put through the chopper, half a pound of chopped seeded raisins, half a pound of chopped figs.

Make the icing of two cupfuls sugar, one cup water, cooked until it grains. With this mix the whites of two eggs well beaten and add a pinch of cream of tartar.

DESSERTS MADE OF CHOCOLATE.

Chocolate Cream Pudding is a chocolate cream pie which is cheap and good and original. Take a scant pint of water and put it into your double boiler, then mix 1 cup of sugar with 2 large rounding spoons of flour and 1 of cocoa; add 4 teaspoonful of salt and after thoroughly mixing the dry ingredients stir them into the hot water and cook until creamy. Cover an agate pie plate with nice white paper and line it with the same size of it and bake. When the cream is cool, add vanilla to taste, and fill shell with cream and chocolate sauce.

Chap Devil Cake—Cream one-half cup of butter with two cups of sugar, add one-half cup of sour milk, two beaten eggs, one-half cake of chocolate or two tablespoons of cocoa dissolved in half cup of water, one teaspoonful of vanilla, one teaspoonful of baking soda dissolved in one tablespoonful of warm water and two and a half cups of sifted flour, or enough to make a good cake batter. Bake in layer tin.

Steamed Chocolate Pudding—Three tablespoons of butter, 2-3 cup of sugar, 2-4 cups of flour, 1 cup of milk, 1 egg, 1-2 teaspoon cream, 2 squares of chocolate. First put chocolate over tannetle to melt, then cream butter and sugar, add well-beaten egg. Now milk, then flour in which is sifted the soda and cream of tartar; last the chocolate put into mold (or tin plate). Cover tightly and steam 2 hours. This is good.

Sauce for Pudding—One-half cup of butter creamed with 1 cup powdered sugar. Add 1-2 cup cream, 1-2 cup milk, 1-2 cup sugar, 1-2 cup vanilla, the well-beaten yolk of 1 egg, then the white beaten to a stiff froth. Then beat all with egg beater.

Every one has been troubled in making buttonholes in thin materials. Here is a way to overcome the difficulty. Hold a piece of the material on the under side and cut the hole through this as though it were a part of the waist. After you have finished working the buttonhole, cut away the under cloth very carefully, so that it will not show. There will be no difficulty, even with chiffon, if you fold the cloth two or three times.

POPULAR BEAD WORK.

Such beadwork as the buyers have brought back with them from the other side has never before been seen in this country. The beads include many metallic effects with the rich, deep colors of the American Indians and the characteristic combinations of Rumania and Bulgaria, but they also come in the daintiest and loveliest evening blends, that remind one of the tints of rare paintings. There are fillet gowns studded with gold and silver beads and with pearls. In fact, the gold and silver bands and jeweled effects the variety is wonderful. And the tunic and waist garnishments are here with the same wide choice of beautiful bead and jewel combinations, often with intricate and elaborate embroidered with beads and tinsel.

HOUSEKEEPERS' HELP.

Squeaking doors may be quieted by brushing the hinges with a feather that has been dipped in oil.

Keep the wax-coated boxes in which crackers are packed, for they make excellent rollers for iron.

Keep white paper on each shelf of the refrigerator. It gives a clean appearance and keeps things from dropping on the shelf below.

A rag which has been tightly wrung out of cran oil and hung outdoors for some time is excellent for use upon polished floors.

A good floor brush for mopping more than earns its cost in the saving of wear and tear on the polished, fine straw-like weave.

There is no better way to remove egg stains from a wall than by rubbing vigorously with a damp cloth dipped in salt.

When rubber is so much in demand for motor tires, and there is not enough to go around for other things, we are permitted to prefer the soapstone, while trained nurses and doctors begin to approve them in print. Stone gives much more radiant heat than water heat, never leaks, and when hissing hot, well wrapped in strong paper and flannel, or old flannel held by a safety pin or broad string, will keep warm all night, and be snugly warm in the morning.

The woman who has never discovered the uses of a pair of scissors in the kitchen is to be pitied. This tool can be used in countless ways in the preparation of vegetables and meats. With a good pair of scissors, not too large, one can cut cold meats for soups or salads, lettuce for sandwiches, or meats for stews—it is so much easier than using a knife. It is also the most chopper and have to clean it afterward. By using scissors, in short, one may effect a constant saving of energy. Get the habit.

A Country Woman.

Restored to Health by Lydia E. Pinkham's Vegetable Compound
A woman who is sick and suffering, and won't let a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is, it would almost seem, to blame for her own wretchedness. Read what this woman says:
Richmond, Mo.—"When my second daughter was eighteen months old I was pronounced a hopeless invalid by specialists. I had a consultation of doctors and they said I had a severe case of ulceration. I was in bed for ten weeks, had sinking spells, and was pronounced to be in a dangerous condition. My father insisted that we try Lydia E. Pinkham's Vegetable Compound, and brought me six bottles. I soon began to improve, and before it had all been taken I was as well and strong as ever. My mother said the change was the change."—Mrs. Woodson Branstetter, Richmond, Mo.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering. Read what another woman says:—
Jonesboro, Texas.—"I have used Lydia E. Pinkham's Vegetable Compound for myself and daughter, and consider it unequalled for all female diseases. I would not be without it for any thing. I have used it every mother and daughter. I am sure to use it as there would be less suffering among our sex. Then I am always glad to speak of a word of praise for Lydia E. Pinkham's Vegetable Compound, and you are all to use this testimonial."—Mrs. James T. Lawrence, Jonesboro, Texas.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.
If the slightest trouble afflicts which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

PENNSYLVANIA LAWS PERTAINING TO WOMEN

By Mrs. Franklin T. Cheney.

PART II.

Causes for Divorce:
Adultery.
Bignany.
Cruel and barbarous treatment. This need not be such as to endanger life, but to make life intolerable and burdensome.
Desertion.
Continual arrogant domination by the husband; treatment of the wife as a mental in the presence of servants and others; use of insulting language; circulation of unfounded reports of unsound mind; stories affecting her good name, and words and actions keeping her in fear of an attempt to deprive her of liberty as insane.
Hopeless insanity is ground for divorce.

You can obtain a divorce if your husband has been under a doctor's care for any term exceeding two years for any of the following crimes: Arson, burglary, embezzlement, forgery, kidnapping, larceny, murder, voluntary manslaughter, perjury, rape, robbery, or treason. It makes no difference where the offense was committed, or where the prison is situated.

You can if your husband is a lunatic or habitual drunkard, apply to the Court of your County for a Commission to determine the facts. If you fail to prove your case, you are liable to pay all the costs. If you prove your case the commission will take charge of the estate and will manage it, and use the funds for the payment of debts and for your support and the education of your children.

The exact offense which will authorize the sending of the husband to an Asylum or hospital covers the habitual use of alcoholic drink, absinthe, opium, morphine, chloral, or other intoxicating liquor or drug, and the petition for his commitment must be supported under oath by at least two persons, being the wife, parent, child, children or next friend of the accused. He has the right to defend himself in Court against the charge.

You can obtain the advice of your father about your domestic affairs without his incurring any liability, if the advice is given in good faith and for worthy motives, even if it influences you in making up your mind to separate from your husband. There can be no recovery by the husband unless it clearly appears that the father acted maliciously and without justification.

You have a right to a three hundred dollars exemption under the widow's exemption law, no matter whether your husband has given you a legacy of three hundred dollars in lieu of it, or not. A widow is entitled to her exemption exclusive of her share under the will.

Your right to retain (without administration) household goods of your husband who has died (with debts) by constituting his entire estate and worth less than three hundred dollars and to give the same to your minor children cannot be questioned by anyone except a duly appointed administrator (Continued on page 10).

THE WORK OF INSTALLING
A new press on which to print the PUBLIC SPIRIT has been accomplished this week.

When the new machine is tuned to run smoothly, improved service can be rendered our thousands of readers.

WORD COMES FROM MAINE
that on the official count and correction of the vote the State remains dry. It has been claimed since the recent election by the license men.

IN PHILADELPHIA THE FUSION
forces elected Blankenburg, a reformer, mayor, a great victory for the cause of good government.

In Montgomery county the fusionists were unable to overthrow the strongly entrenched Johnson machine, which for another year, at least, will dictate the policy of the county government. Montgomery thus holds its proud place among the boss ridden counties of the State.

SOMERTON

Mrs. Harold Selser visited relatives here this week.

H. S. Bonner spent a few days at home this week.

Charles James visited here on Tuesday last in an automobile.

The Women's club met at Ervin's hall on Saturday afternoon last.

William Hayes has been suffering with a sprained tendon of the knee.

Albert E. Ketterer returned home from Richmond, Va., to attend election.

William Bueck is having his home repaired. He keeps his place looking neat.

Mrs. and Mrs. Simons, of Cornwall, spent Sunday last with Mr. and Mrs. H. S. Lukens.

Mrs. and Mrs. W. E. Lukens, Ruth and Evelyn Lukens spent Sunday last with relatives here.

The Dickens Club met at the home of Mrs. W. K. Bellows on Wednesday evening of this week.

The Somerton Building and Loan Association will meet in Ervin's hall on Monday evening next.

Robert Kehs has been incapacitated from performing his duties as hostler this week by the attack of sickness.

A connecting pipe is being laid between Williams water tank to Mr. Collins' property on the Southampton road.

The "glooms" predominated on Tuesday last among the organization workers, when this division gave a majority of 6 for Blankenburg.

Much disappointment was felt in this section over the defeat of Fremont Bowman for County Commissioner.

The thirty-third will be represented in Common Council by a fusion councilman, George S. Woodill, the Democratic and Kerstone nominated having polled 1073 votes and Newton Comly, Republican, 1062 votes on Tuesday last.

The Fort Washington branch of the Needlework Guild of America held its 10th annual meeting Wednesday afternoon in Wissahickon hall.

Glenside and Edge Hill

W. S. Stinson and family, of Lismore avenue, spent the week-end visiting friends in New York.

E. L. Rodenbaugh, of Limestone pike, was a visitor at Norristown, on Monday, where he looked after several matters of business.

Miss Annie Clayton, of Menlo avenue spent the fore part of the week at the guest of Mr. and Mrs. Morrison Clayton, of Richboro.

Charles Sasseman of Harrison avenue, is building a stone and frame cottage, on an Oakdale avenue, opposite Stanley avenue.

The fight for Commissioner between Robert Scott and Thomas Hoover was very close, Mr. Scott winning out by less than 10 votes.

Mr. and Mrs. Walter Tobin, of Chester, Pa., were Sunday guests of Mr. and Mrs. George H. Snyder, of Lismore avenue, near Waverly road.

The Men's Association of Carmel church was addressed by William H. Scott, of Philadelphia, on Thursday evening. Quite a large number of men enjoyed the address.

Glenside Fire Company is planning ways and means of getting an automobile for fire service, not wishing to be behind the neighboring towns in this respect. We are fortunate that we have so few fires and that the present apparatus has been adequate, so far.

Rally day will be observed on Sunday, November 19th, at Carmel church. Owing to the new building having not been in shape for such exercises the rally has had to be postponed several times. A special programme for the Sunday school in the afternoon is being arranged for and will be very interesting.

The number of automobiles getting out in the Weddon district almost congested the roads in and about the station at train time. They had a very interesting time of it and the vote was so cut up that it is understood that the election officers did not get the vote all counted until 8 o'clock the next morning.

The Jenkinson District of the Montgomery County Teachers' Association met in Carmel church on Tuesday evening and a very large attendance enjoyed the address by the Hon. John Wanamaker whose experience in Sunday school work has extended over a good many years. The reports of the different committees showed that the district is making rapid strides in Sunday school work.

The vote on the loan for the proposed sewer was defeated in this district of Cheltenham township. The badly needed sewer which the sewer we are surprised that our end did not support the movement. We are sure that the district will come when the voters will regret having voted the measure down. A good deal of sickness could be prevented by having a proper drainage system and it seems strange that some people would rather pay doctor bills than try to prevent sickness which can be a private sewer corporation comes into the town the people will pay the price.

CHURCHVILLE "Y"

The regular monthly meeting of the Churchville "Y" convened at the home of Harold and Agnes Yerkes, Southampton, on Wednesday evening, November 8th, with good attendance.

The meeting was called to order by the vice president, followed by Scripture reading from the 1st chapter of the 1st of John.

Yerkes led in prayer and the roll was called by Miss Ada L. Johnson, secretary.

The minutes of the last meeting, held at the home of Miss Rae and Christie Paul, Churchville, were read and approved.

The election of a president, which was carried over from the last meeting, was held before the meeting, with the result that Mrs. Lewis Harvison was duly elected to fill the existing vacancy, and to serve for the remainder of the ensuing year. The late Sadie Jones having resigned her office as recording secretary, Miss Sidney Bullock was unanimously chosen as secretary to serve until the next annual election.

The question of back dues was presented for consideration, and a suggestion was made that proper notice be given to the members at the next month's meeting, so that those members who are still in arrears, with a view to having the dues paid at the next meeting, on December 1st, which will be a definite action will be taken with regard to this matter.

Misses Ada Johnson, Agnes Yerkes and Florence Harvison were appointed committee to solicit for a Thanksgiving box to be sent to the Neighborhood Guild in Philadelphia or to be presented to any family in this vicinity who may be found to be in need at that time. All articles for the box are to be taken to Miss Johnson's home in Southampton before Thanksgiving day.

No further business coming before the meeting, on motion made and seconded, it was adjourned.

The literary program was opened by several songs from the Temperance Song Book, sung by the choir.

Fox Chase and Rockledge

Miss Deborah Anderson is quite ill. H. B. Rowland is having his house painted.

Bridge party will be entertained by A. Geyer on Wednesday evening.

Mrs. Knight is seriously ill at her home, having taken a cold on Sunday.

Rockledge Fire Company held their monthly meeting on Monday last.

Mrs. William Irwin met with a trolley accident on Saturday night last.

Messrs. Goebel and Barth are in court on the jury for December term of court.

Mrs. C. Murphy celebrated with her family her 53rd birthday on Wednesday evening last.

Robert Martin of Chemical No. 5, in response to a local alarm of fire, injured his back.

Nelson Battley defeated Charles Wilson as assessor in the Fox Chase precinct at the last election.

Mrs. M. Knight, of Second Street pike expects to return from the hospital this week.

Unemployed handwashing services will be held Wednesday, November 29, at 8 p. m., in the Methodist church.

Mrs. and Mrs. C. D. Britton are enjoying a short vacation at relatives in West Chester and vicinity.

Mrs. and Mrs. F. H. Herst entertained a number of friends Tuesday evening at the election returns.

Many of the residents displayed flags on Wednesday to show their joy over winning of the reform ticket.

The next meeting of the Try Circle of the Presbyterian church will be held at the Manse on Tuesday November 14, at 8 p. m.

Miss M. Edith McClellan began an engagement as contralto singer in the choir of the Methodist church of the Advocate of Germantown on Sunday.

The Republican ticket for Rockledge borough officers was elected, and Charles M. Barth, the Keystone party candidate, J. H. Marjorison was elected as Justice of the Peace.

Mrs. and Mrs. John Tummore, of B street, have removed to Jamaica, Long Island, where they will be in charge of the New York agency of the Provident Life and Trust Co.

The Epworth League of the Methodist church held their annual ball, given social at the home of Mr. and Mrs. P. W. Booth. A large number gathered and the jollity lasted until a late hour.

The Fox Chase branch of the Needlework Guild held its annual meeting last Tuesday afternoon in the Baptist church. As usual a large number of garments were contributed for this worthy charity.

The lecture under the auspices of the W. C. T. U. was rather poorly attended. Madam Barakat spoke with much force and eloquence concerning the work of the W. C. T. U. The music was well rendered.

Election day passed off very quietly here, the voters were nevertheless strong. Ordinarily an organization stronghold, the Keystone party swept the division, returning a substantial majority for all the candidates on that ticket.

Thursday, November 2, Jacob G. Pence, cashier of the Fox Chase Bank, and Mrs. Susan Argo were united in matrimony by the Rev. F. H. Argo, pastor of a Lutheran church in New York, they have returned to their home in Fox Chase.

Madam Barakat has been in progress in Grockett's hall under the auspices of the recently formed Catholic church. The attendance has been large. The musical program for the evening has been Father Doran, formerly of the Episcopal church.

Bertha Walters, of Fox Chase and Bertha Walters, of Olney, were united in marriage November 1, by Rev. Edward Cline at the Methodist parsonage. Mr. Bertha is a partner of Mr. Higginson. These young men have purchased and are conducting the business of the late Mr. Van Zant.

F. Krantz, of Elberon avenue, near 15th street, had a severe accident on Thursday night, November 9. He attempted to step on a chair to put on a light, fell, the chair falling on his head, and he was not able to get up. He is slowly recovering from the accident.

Memorial Presbyterian church, Henry W. Bloch, pastor, sermon subject, 10:30 "The Severity of Jesus." "Wednesday" at 7:30. A monthly missionary concert. Rev. W. J. Bone will speak on the mountains, among whom he labored for years.

The revival services in the Methodist church opened last Sunday evening with a large attendance and one conversion. The week night meetings have been well attended. They will be continued every evening, except Saturday, next week at 8 o'clock. Sunday at 10:30 a. m. the pastor will preach, "An Indispensable Factor in Religion" and at 7:45 p. m., "A Lost Saviour." All are welcome.

Mrs. Mary Wilson, of Pine road and Solly avenue, Sunday evening last, was the guest of the Methodist church, fell and broke her hip bone and her right wrist. The accident occurred while she was at the office of Dr. Sibbald. Mrs. Wilson is highly respected in this community, and her many friends wish for her recovery. She is in her 52nd year, but has always been very active, both in her home and in the church.

JOHNSVILLE

Mrs. Finbert was a week-end visitor in the city.

James M. Knight spent the week-end visiting friends in the city.

Miss T. Trainer has returned to her city home for the winter.

Mrs. Catharine Rush has moved into the property vacated by John Pley.

E. J. Murry has just returned from Seattle, Wash., and from there down the coast to San Francisco and Los Angeles, where he has been in Texas and Florida and Havana, Cuba, and home through South Carolina, North Carolina and Virginia.

WYNDMOOR

Miss Lucy Blasing visited Dr. Funk and family on Saturday.

George Campbell has recovered from a recent illness.

James McCormick has a new pair of fine black horses.

Mrs. and Mrs. Edwin Earnest visited relatives at Elm Hill on Sunday.

The Wyndmoor fire company has received its new fire engine.

Mrs. William C. Lower and Miss Mary Ann spent the week-end at the home of Harry Lotz and wife, of Mount Airy.

Spent Sunday with Mr. and Mrs. Benjamin Eggleston.

Frank Herman has moved from Alfred Burt's house on Willow Grove avenue to Germantown.

Several of the young people are attending the dance the school held in Joslin's hall, Chestnut Hill.

The sewing circle met on Tuesday evening at the home of Miss Sarah Dull, on Abington avenue.

The Misses McCready have put a cement walk in front of their property on Willow Grove avenue.

BUSINESS MEN MEET

Early Train to be Retained on Schedule—Widening of Moreland Avenue.

The November meeting of the Hatboro Business Men's Association was held at the Borough building, on Thursday night.

It was reported that the 5.45 train in the morning was to be retained and not taken off as was first reported. This will retain several families in the borough, that would have to move away or give up the position if the train was taken off, as persons could not get to their places of employment in Philadelphia early enough in the morning by way of local trains.

Paul Jones, president of council, reported that the borough council is taking up the matter of widening Moreland avenue from York road west. The council, in connection with president Reading, of the Business Men's Association, have been working on this improvement.

It was reported by Mr. Jones that George R. Todd had created a deed of gift to the borough of a strip of land along this avenue of 3½ feet, which would allow for the widening of the street and had consented to tear down and remove the old stone one-story back building, which projects out into the road, for a sum of \$200. This the borough has agreed to pay.

The removal of this old building and the improvements to the entrance and street of Moreland avenue, west, will be an improvement to the borough and especially to the property along this avenue and that section on Chester avenue, where a number of houses have been built and more are building. It is also stated that Mr. Hill will give a narrow strip along the avenue, if the survey shows that it is necessary.

It was unanimously decided to hold a banquet at Moore's Inn at the annual meeting to be held in January and a committee as follows were appointed by the chair: Harry W. St. John, D. J. Shively. All members, whose dues are paid up until the December meeting will be entitled to participate at this banquet, which is to be given without further charge.

The committee on new industries report that they had subscribed to a press clipping bureau and will receive three bulletins per week of prospective purchasers for factory sites. Many other important improvements to the borough were discussed.

Randall Aliman is having his house on Depot street, repainted.

The M. E. Mite Society will meet in the church auditorium this Friday evening.

Lyle Hill, of Coatesville, who has been seriously ill, is visiting his mother, in the borough.

Postmaster Watson has been advised that a postal savings bank will be opened at his office early in December.

The Mite Society of the Hatboro M. E. church, meets in the church to-night, Friday. All members invited.

R. E. Mason's cow sale at Moore's hotel last Monday was well attended. The fresh cows all sold at good prices.

A missionary meeting was held in the M. E. church on last Wednesday afternoon, when Mrs. Green, of Norristown, gave an address.

Harris Webster has been committed to Norristown Hospital for rest and treatment. He has been showing considerable mental excitement recently.

Several of the members of Fortuna Lodge, K. of P., attended the 30th anniversary of Abington Lodge at Jenkintown, on Thursday evening.

A C. E. rally was held in the Baptist church last Tuesday evening, when Rev. J. Eugene Derrick, D. of the Glenview Lutheran church, made the address, which was very helpful. Quite a number were present.

In the Methodist Episcopal church next Sabbath at the union services of the congregations of the Baptist and Methodist churches, Rev. J. P. Shook will preach. Morning, 10.30. "The Comforter." Evening at 7.45, a continuance of the sermon series, "The Unsatisfied Life. Everybody welcome."

Miss Victoria Longendyke entertained a party of friends to dinner on Sunday at the home of her sister, Mrs. Charles L. Miller, Moreland avenue, as follows: Miss Marion Trego, of Southampton, Miss George Chestnut, of Olney, J. Goetz, Dr. C. S. Rotner, S. Wunderman, and W. Longendyke, all of Philadelphia.

Warren M. Cornell, real estate and insurance broker, has sold for Harry Wright, 70 acre farm near Davisville, to Albert J. Mann, of Byberry. Possession April 1st, 1912. Sold his own dwelling on York street, Hatboro, to William Traub, of near Richboro. Possession April 1st. Remod for Harry M. East, property in Davisville, to Charles Lange, of Willow Grove. Also rented for Thompson Green, property on Byberry road to A. J. Lavey, of Southampton, possession at once.

(Continued on Page 8)

FRIENDS' QUARTERLY MEETING

Abington Quarterly Meeting of Friends was held at Byberry Meeting house on Fifth-day 9th inst. The meeting convened at 10 o'clock. In addition to several ministers belonging to Abington, Quaker, Isaac Wilson, of Canada, and Sarah Linville, of Philadelphia, were present and spoke acceptably. At 11.30 the business of the meeting was entered into.

Clocks.

"What an elegant timepiece that is!" said the old time friend.

"Yes," replied Mr. "CUMRO," "that's about as elegant a clock as money will buy."

"You were once content with a much simpler affair."

"Of course. Nobody wants to waste more than a dollar on a clock that wakes him up and tells him when to go to work. But when it wakes him up and reminds him that he doesn't have to go to work he feels more friendly and liberal."—Washington Star.

HORSHAM

ELECTED A DEAD MAN.

The intelligent voters of Horsham last Tuesday cast an almost unanimous vote for George W. Worth, deceased, for Justice of the Peace. Worth died about three weeks ago, but his neighbors, who had voted for him many times before, kept up the practice, his name being on the ticket. The vote in the township was as follows:

COUNTY.

Judge of Orphans' Court, Solly, R. 120; Larzelere, D. and K. 95; Rath, S. 4; Sherff, R. 117; Neely, D. and K. 97; Blake, P. 2; Register of Wills, R. Stewart, R. 113; Wents, D. and K. 95; Aiman, P. 4; Selzer, P. 2; Deeds, Buckwalter, R. 113; Boucher, D. and K. 113; Whitman, P. 1; Clerks of Court, Strick, R. 109; Tyson, D. and K. 109; McNelly, P. 2; County Treasurer, Keely, R. 112; Maxwell, D. and K. 97; Rambo, P. 3; District Attorney, Elvire, R. 109; M. A. Avo, D. and K. 114; County Controller, Jacobs, R. 115; Malsberger, D. and K. 95; Commissioners, Krawiec, R. 108; Saylor, R. 87; Bready, D. and K. 122; Christian, D. and K. 92; Omer, P. 2; Land, P. 2; Directors of the Poor, Ehat, R. 110; Longaker, R. 105; Anderson, D. and K. 97; Demming, D. and K. 95; Sayers, R. 91; Road supervisors, Dr. Downs, R. 112; William Teas, R. 102; Elmer Pott, D. 109; George Stong, D. 102; Justus of the Peace, George Worth, R. 169; O. H. S. Maurer, D. 1. School directors, R. 111; W. H. Satterthwaite, S. D. 109; Robert Ambler, R. 95; Isaac Tomlinson, R. 107; James A. Cozens, D. 111; Albert Tyson, D. 117; Thomas Anderson, R. 108; Charles S. Mann, R. 101; Morris L. Thomas, D. 90; Frank Worth, D. 107. There were 12 strays. Total votes cast, 233 and 32 Democrats. Total vote was 225.

Mr. and Mrs. Bush recently entertained relatives.

Mr. and Mrs. William Doyle entertained on Sunday.

Miss Carrie Bush has been suffering with a bad cold.

Mr. and Mrs. George Fillman entertained on Sunday.

J. K. Haisell has been confined to his home with rheumatism.

A baby girl has come to brighten the home of Mr. and Mrs. George Thomas, D. 102.

William J. Halliwell, who was improving from a spell of sickness, is quite ill again.

The cow sale at the Horsham hotel on Thursday was well attended. The cows were an exceptionally fine lot.

Amos H. Moore and wife recently entertained Mrs. Warren Lewis and son, Ellis D. Lewis and George of Watlington, and Alfred Robinson, of Philadelphia.

The stonings of the road leading through the Witmer farm is greatly appreciated by those who have occasion to use this road. Now let this good work continue. Honsam should have macadamized roads.

A large force of men are engaged in filling in the abutments and roadbed at the new county bridge on the Davis Grove road. The earth is being hauled from the hilltop on the Hollingsworth farm adjoining.

One of the latest imported butchering plants in the country districts is that of Frank Palmer at Horsham. Latest improved machinery has been installed and sanitary conditions prevail. Mr. Palmer is desirous of having the public to inspect his plant.

An idle idyl.

Day, like a butterfly,
Did flutter by
On some daisy
And 'neath the long bung moon
A slow young moon
Was watching him.

The Summer Girl's Heart.

"What an elegant timepiece that is!" said the old time friend.

"Yes," replied Mr. "CUMRO," "that's about as elegant a clock as money will buy."

"You were once content with a much simpler affair."

"Of course. Nobody wants to waste more than a dollar on a clock that wakes him up and tells him when to go to work. But when it wakes him up and reminds him that he doesn't have to go to work he feels more friendly and liberal."—Washington Star.

There is a little room not occupied.

ABINGTON

TOWNSHIP REPUBLICANS WIN.

Fusionists Gave Dominant Party Hard-fought Fight in Many Years.

Abington township had one of the hardest political contests of its recent history on Tuesday, election day, and perhaps the most excitement of any of the districts was that of Abington township, where the votes were cast and resulted in the election of Charles O. Kruger, Republican candidate for commissioner, with a majority of 36 over Artemus Stewart, Democratic and Keystone candidate. In this district, Edward D. Lever, Democratic and Keystone candidate, for Judge, defeated John C. Hunter, Republican, as elected inspector over William H. Hyndman, Democratic and Keystone candidate.

In the township election the Republican school board was elected, as follows: Thomas W. Logan, William H. Huber, William Stephen, Thomas K. Ober, Jr., William Johnston, Joseph C. Shoemaker, William T. Buck, defeating John Craig, John C. Chisham, Arthur Welsh, Mrs. Lewis Breuninger, Mrs. Florence Grison. For constable, a Republican and Democratic were elected, Henry K. Streeter, Republican, and John Sheatz, Democratic and Keystone. Several other candidates were elected, Republican, Charles Hobbs, Democratic and Keystone.

The board of township commissioners will be Republican with one exception, that of John D. Mahoney, of Eldon district, who defeated Mebus, Republican. Other members of the board are: William P. Albrecht, commissioner-at-large, defeated Joseph L. Deeds, Democratic and Keystone candidate, in one of the hardest fought battles of election. Other commissioners are Charles O. Kruger, Abington district; David Benninghoff, a new member from McKinley district, who defeated John Zane by 18 votes; in the Say Hill Hill district, Edwin S. Halliwell defeated William Bloomer. Although the township is normally strictly Republican, there was an extremely hard election for the Republicans to win, owing to the fact that the Democratic-Keystone candidates resided in the township, B. Frank Boucher, candidate for Recorder of Deeds, carried the township and Alexander Neely, candidate for sheriff, who came within a few votes of carrying the township.

Automobiles came in play for their share of the work in bringing the voters to the polls and although the day was quiet there was a feverish excitement on all sides. There never has been an election where so little could be counted on as there was an element of independent vote that could not be known in advance.

Charles Ball, of Fitzwaterstown, was arrested by Officer Messer, on a charge preferred by Mrs. Charles Collins. At the hearing before Squire Lachot, on Thursday morning, Ball was held under \$300 bail for his appearance at Court. All the parties to the hearing were present. Mrs. Collins accused Ball of slandering her and Ball is said to have struck Mrs. Collins with a chair.

A cablegram was received that Rev. Carroll Yerkes and wife, of Whistler, China, are unharmed in the recent earthquake. Mrs. Yerkes is the daughter of Helen Eckart, formerly of Abington, and Mr. Yerkes is a missionary.

Andrew Hicks fell while entering the back door of this week and has been confined to his room since.

Morning worship in Abington church at 11 o'clock. Evening at 8 o'clock. Sunday school in the chapel 9.45 a. m. Mid-week service in the chapel.

Charles Hentzell went to the Jewish hospital on Friday to have his leg placed under an X-ray. Some two weeks ago Hentzell, who is a water inspector, in the employ of the Springfield Water Company, injured his knee while climbing a water tower at Melrose.

Squire Calvin H. Williams had a bone in his arm, just above the wrist broken, while cranking an automobile.

Mr. and Mrs. John C. Hunter are on a visit to their daughter, Mrs. Browley, of Cleveland, Ohio.

Mrs. John B. Stevenson is visiting her parents in the west.

Mr. and Mrs. Samuel Raiser, of Bridge Valley, spent Sunday with their daughter, Mrs. Elmer Haydt.

Swatting the Flies.

Maud Muller, at work with her hair done high.

Merrily swatted the death dealing fly.

Cherry and rosy and neat and trim.

She swatted away with womanly vim.

Blithely she worked when up to the door.

Tripped Dutchy Boy Bill all covered with gore.

Flies on his apron, flies on his hands.

Buzzing about like a pair of brass bands.

"Arrah!" cried mad Maudie. "See what you've brought!"

"Tis you, not the flies, that I'm minded to swat!"

—Spokane Spokesman-Review.

Not So Marvelous.

"I tell you what it is, Silas," said Uncle Mose Peavey as he and the letter carrier sat together near the stove in the parlour discussing things in general.

"Old Squire Dunkley's a bustin' good shot with a rifle. Ye can talk it ye please about these glass ball shoot and your various champion shoot down to the city, but there ain't many of 'em can shoot in the same day with the squirrel. He kin hit a dollar throwed into the air at fifty yards nine times out of ten."

"Yes, I reckon he kin," said Silas pulling strenuously away on his corn cob and aspirating the rest of the afternoon. "But what if he kin? After all, Mose, ye know as well as I do that a dollar looks ten times bigger to old Squire Dunkley than it does to most of the 'rest on us'—Harper's

Fame is all right, but money seems to be a popular substitute.

Davisville—Southampton

The Democrats swept the township on Tuesday last.

Mr. and Mrs. Conrad Hiller, of Philadelphia, were visitors at Baptist parsonage last Sunday.

The "Y" held an interesting meeting at the home of Harold and Agnes Yerkes Wednesday evening last.

The Joseph H. Jarrett farm was offered at public sale on Wednesday, bid to \$76 per acre and withdrawn.

Mrs. Knicker, of Pittsburgh, Pa., and Mrs. Baum, of Philadelphia, spent Wednesday with Mrs. A. W. Anderson.

The members of the first company are arranging to go in a body to the church supper at Churchville next Saturday evening.

Mr. and Mrs. John Finney spent Saturday and Sunday in the city, attending the silver wedding anniversary of their cousins, Mr. and Mrs. James Kneiser.

Kolb, the magician, will give an evening's entertainment for the benefit of Southampton county, on Saturday evening, November 18th. Proceeds will be added to the building fund.

At the last meeting of the fire company, pastor A. W. Anderson was nominated for position of chief of the fire company. It is believed that he will stand, as he has the confidence of the boys and the community at large.

Rev. William Needham, the chalk talk evangelist, who is holding evangelistic services in the Davisville Baptist church, is drawing large crowds every evening. They are wonderful meetings. He is an excellent speaker, and he draws pictures with chalk to illustrate his sermons. Several have requested prayer and five have stood up for Jesus. He will conduct three services on Sunday. All are invited.

A cold snap looks like a soft snap to the coal man.

Are you reading the Spirit woman's page? It is worth while.

The people who marry for fun do serve all that's coming to them.

A man naturally feels that he is ill-treated if his wife won't let him sit down and complain in peace.

Some people seem to think they can buy their way into heaven by keeping their pew rent paid up.

Harry Ellam, of Conshohocken, was killed in the arm by Benjamin Riles while they were after rabbits.

Robert Wyler fell and cut his chin so badly at Norristown that he went to the hospital to have it dressed.

DEATHS

••• Notices of deaths published Free. Personal invitations fifty cents. Cash. The obituary, etc. One cent per word. Prepaid.

ADAMS—Suddenly, at Penlyon, on Sunday, November 5, 1911, Frank C. Adams, husband of Laura M. Adams, and son of Walter H. and Jennie Adams, (nee Crowe), aged 28 years.

LINTON—On Eleventh month 7th, the late Mrs. John Linton, wife of the late John Linton, of Abington, in her 81st year.

McMURRAY—At Fox Chase, on November 4, 1911, James McMurray, husband of Frances H. McMurray (nee Weaver), aged 70 years.

MEMORIALS.

In kind and loving remembrance of John Donahower, who lived this life on November 10th, 1910. Gone but not forgotten.

We now, but it's the coming years, it may be in the future, we will read the meaning of our tears. And there, sometimes we'll understand. HIS WIFE AND CHILDREN.

MARBLE and GRANITE MEMORIALS.

MONUMENTS, MAUSOLEUMS, HEADSTONES, Etc.

Our stock is selected from the best quarries and our work is done by the latest steam equipment. Estimates on all work of this description cheerfully furnished.

HATBORO HOME HAPPENINGS

(Continued from Page Seven)

FUSIONISTS CARRY HATBORO.

Election day was a quiet one, as usual in Hatboro. The fusion ticket, Keystone and Democratic swept the town. The Keystone vote is estimated at 50. Democrat 45, Republican 43. Prohibition 1. The vote was as follows: COUNTY TICKET.

Judge of the Orphans' Court, William F. Solly, R. 101; Jeremiah H. Larsen, Jr., J. 100, K. 25; Peter B. Rath, S. 1. Sheriff, Charles E. Schwartz, R. 94; Alexander Neely, D. 1, K. 25; Frank Q. Benn, S. 1; P. Blake, P. 1. Register of Wills, Daniel Stewart, Jr., R. 108; John A. Wentz, D. 91, K. 25; Albert Miesner, S. 1; Harry S. Alman, P. 2. Recorder of Deeds, T. Darlington Buckwalter, R. 72; R. Frank Butcher, D. 117, K. 25; Joseph P. Straub, S. 1. Clerk of Courts, James A. Stretch, R. 100; Alton H. Flynn, D. 94, K. 25; I. Warren Winger, S. 1; J. F. McNelly, P. 4. County Treasurer, Horace P. Keely, R. 106; William H. Maxwell, D. 85, K. 25; Edwin S. Hattman, S. 4; Charles W. Rambo, P. 4. District Attorney, Conrad S. Shave, R. 94; Charles D. McNair, D. 100, K. 25; John D. Ortlip, S. 1. County Controller, John N. Jacobs, R. 104; George N. Mahberger, D. 85, K. 25; David W. High, P. 4. County Commissioners, James K. Wesson, R. 112; Adam F. Saylor, R. 64; Harman Y. Bready, D. 155, K. 45; Montgomery Christman, D. 78, K. 20; Harry D. Quinter, S. 1; John H. Seitz, S. 1; H. Fassett Conrad, P. 2; Elwood Land, P. 2. Directors of the Poor, Jacob M. Ehat, R. 105; George F. Longaker, R. 102; H. Edward Anderson, D. 85, K. 25; Adam J. Dimmig, D. 77, K. 27; Henry F. Reifsnider, S. 3; Chalkley Styer, P. 2; William A. Seiser, P. 4. County Surveyor, James Cresson, R. 105; Ralph E. Shaner, D. 87, K. 27; George N. Lester, P. 2. Coroner, William N. B. 101; John J. Perry, D. 86, K. 29; George B. Clayton, S. 2; Charles Anselm, P. 2.

BOROUGH TICKET.

School Director for six years, Thomas E. Paxson, R. 211. School Directors for four years, J. Walter Thoman, R. 200; Willis W. Wilga, R. 205. School Directors for two years, James P. Kearns, D. 195; Harry Wilson, D. 203. Town Council, three elected, Samuel S. Gehman, R. 208; Howard Jarrett, R. 97; George C. Yerkes, R. 89; H. J. Morris, D. 155; Franklin K. Feinton, D. 120. Auditors, Charles M. Cornell, R. 201; Auditor, Charles C. McNair, R. 112; Paul Jones, Jr., D. 101. Judge of Elections, Daniel R. Stone, R. 125; Charles E. Harin, D. 86. Inspector of Elections, Thomas G. Watson, R. 115; George W. Dunham, D. 88. Amendment No. 2, yes 34; no 8. Amendment No. 2, yes 25; no 10.

The bank was closed election day. Miss Hannah Raab was the weekend guest of friends in Philadelphia. H. B. Willett is having a wagon house rebuilt and practically renewed. Miss Elsie Jones has gone to Chicago where she will spend some time visiting friends.

Mrs. Ella Detwiler and daughter, Helen, spent last week in Bloomburg, where they at one time resided.

Mrs. Mary Colby Harper, of Jenkintown, daughter of Rev. and Mrs. F. C. Colby, was operated upon on Sunday morning last for appendicitis. She is getting along very nicely.

Miss Goentzer, a member of the Hatboro Neighborhood Club, attended the meeting of the Doylestown Village Improvement Association, Tuesday, and talked on the State Federation of Women which was held at Erie.

The annual meeting of the Union Library Company was held at the library last Saturday. The present directors were re-elected as follows: Rev. J. P. Shook, Rev. F. C. Colby, James Corbett, Mrs. Susan H. Jarrett, Mrs. Ella Detwiler, C. C. McNair was re-elected treasurer. The library is in a flourishing condition and its management is progressive.

The eightieth anniversary of the Baptist Bible school was celebrated last Sunday evening, when Rev. Dr. Chalmers, of Philadelphia, made the address of the evening, which was much enjoyed. The special music consisted of a song by the primary department and an anthem by the choir also a quartette. During half the period of the existence of the school C. C. McNair, the present superintendent has been in charge.

For those who follow the custom of dating their correspondence and other papers with the number of the month, the date of the month and the last two figures of the year, instead of writing it in full, Saturday should be a great day. At least a second can be saved each time the date is written, for six strokes of the pen or pencil will make it, thus 11-11-11. Yet, brief as this may be made, it was even shorter on the 11 of last January, when it was written 1-11-11, or last Nov. 11, 1911. Those who wrote it made it thus 1-11-11. And eleven years from now, February 25, 1922, we will write the date 2-25-22.

The annual meeting of the Hatboro and Warminster Turnpike Road Company was held on Monday last at the Turnpike office, in Jenkintown. The company during the last year has spent considerable money in keeping the road bed in order, and tries to maintain a good roadway. From Superintendent Riddick's report the following is taken: There has been placed upon the road 117.9 tons of crushed stone. Dyer's trap rock, 1002.3 tons; Rock Hill trap 177.1 tons. The above stone has been used where it was most needed; namely, 2321 tons north of, but near Willow Grove; 168 tons on Sampson's hill; 146.6 tons near Heaton station; 516.1 tons within the borough of Hatboro; and 76.5 tons on northern end of road. The former officers were re-elected as follows: Samuel J. Garner, president; Charles O. Krueger, vice president; J. W. Riddick, treasurer and superintendent; manager, J. B. Carroll, Watson J. Davis, H. W. Hallenbeck, L. O. Krueger, Thomas Reading, Alex. Renick, O. E. C. Robinson.

THE NEIGHBORS.

"The Neighbors" held a meeting on Saturday, November 4, commencing at 2:45 p. m. It was Browning day and the members were treated to a most delightful and uplifting program. The life of Browning, showing him to be a deep student not only of books but human nature was given by Ellen Teas. Marion Garner gave Andrea Del Sio, a paper full of thought and interest showing the painter, who could paint form and color, but whose pictures lacked soul. Mrs. J. Purman Shook gave Rabbi Ben Ezra, which all conceded was a sermon full of beautiful thoughts showing that if the life be right the years will bring only joy instead of regret for past youth. "Clean" was portrayed by Miss Mannie Goentzer and dealt with the doctrine of Christianity at an era when in the midst of luxury and the utterances of beautiful Greek thought all was saddened by the disparaging note of the hopelessness of the highest efforts of man and yet these poets and scholars are not prepared to believe in the gospel glory such as is being preached by the Apostle Paul, which they say "could be held by no sane man." Many beautiful quotations from Robert Browning were given by members of the club, and one from Elizabeth Barrett Browning, the wife and most congenial companion of the poet.

Mrs. John Kheen is on the sick list. Miss Emma Jones spent last week at Atlantic City.

Hallett Barnes is out after being confined to the house by influenza.

John Walters, of Philadelphia, spent Sunday with friends in the borough.

Miss Mame Heaton and mother spent the weekend with relatives in Bordentown, N. J.

Miss Mary Weld spent a day recently with Mr. and Mrs. Charles Jones, of Horscham.

Mrs. A. S. Logan and daughter, Anna, attended the Leecon concert, given in Griffith Hall, Philadelphia, on Tuesday evening.

F. H. McVaugh has sold a Ford runabout to W. H. Craven and a Ford touring car to C. J. Stover, both of Hatboro.

The Ushers Association of the Baptist church was entertained last Wednesday evening by Samuel Hickman, at his home on Moreland avenue.

There will be no preaching services in the Baptist church this Sabbath, as Pastor Colby will be absent. The congregation will worship in the M. E. church. Bible school at the usual time, 2:30.

The Social Union of the Baptist church will be entertained next Monday evening at the home of Mr. and Mrs. Alfred Yerkes, on the Jacksonville road, all members and friends are invited.

A mothers' meeting under the auspices of the Horscham branch of the W. C. T. U. will be held at the Sunday school room of the Methodist church on Thursday, November 16th at 2:30 P. M. The meeting will be addressed by Mrs. Alsop, of Haverford. All are cordially invited to attend.

An iron fence is being erected on St. Thomas church property along Church road, Whitmarsh.

Augustus Weiss has planted a hedge fence about his new property on Wisahikon avenue, Flourtown.

Preparations are being made by the members of Washington camp, No. 784, P. O. S. of A. Flourtown, to hold a fair.

Letters of administration in the estate of Sallie E. Charver, late of this town, deceased, have been granted to John Lefferts, of Germantown.

The directors of the People's National Bank of Langhorne, at a meeting held on the last, declared a semi-annual dividend of 4 per cent. and carried \$5000 to the reserve fund. The deposits are \$511,000, the highest they have been since the establishment of the bank.

FORT WASHINGTON

The improvements at Fortide Inn are about completed.

Mr. and Mrs. Vance Kirk entertained the Pinnock club last Saturday evening at New York City.

Mrs. Charles Willard and son, Earnest, spent a few days visiting relatives in New York City.

A. H. Bolton has erected a corn crib. He will also place a new fence along the turnpike from this fall.

A covering of crushed stone has been applied to the Bethlehem turnpike north of this place covering the rut and mud holes.

A. H. Leaf and Son will hold a public sale on Saturday, November 11, 1911, on the premises, Ambler Highlands, of a bungalow and several lots belonging to B. Casper Lauer.

George R. Bodenstain has just finished a fine new chicken house. The building is 102 feet long and 30 feet wide. The hot water heating contract for the structure represents an outlay of \$800. The plant is under the supervision of William F. Bodenstain, who has made a success of the business. Accommodations will be made for 2400 chickens.

The Rev. William E. Steckel, pastor of Doylestown Presbyterian church, announced on Sunday morning the safe arrival of Miss Emma Davies, of Doylestown, at Yokohama, Japan, where she was met by her intended husband, the Rev. Clarence Hoffman, a former assistant pastor of the Doylestown church. After being united in marriage they expected to resume their journey to Korea.

Miss Florence and Bertha Harvinton entertained friends from Saturday until Monday.

Chicken and oyster supper at the church this Saturday evening. Bear it in mind.

Mr. and Mrs. William Cornell recently visited in Ambler, Orland and Philadelphia.

Mr. and Mrs. Charles Beecher expect to spend most of the winter at Chesham.

Misses Florence and Bertha Harvinton entertained friends from Saturday until Monday.

Mr. Clinton Scott while automobile riding with his son-in-law, Mr. Paxson, of Newtown, was hurt in an accident.

Samuel Hall has moved to the farm of Harry Blood, and Harold Yerkes moved to the house of William Cornell, vacated by Paul.

Miss Minnie Donahower and niece, Marie Keyser, visited in Doylestown last week.

Mrs. Pearl Spencer and son, Albert, were visiting in Philadelphia, one day last week.

Mr. and Mrs. Frank W. Scott attended the Institute at Doylestown on Thursday last week.

Miss Ruth Spencer and Mrs. Carrie Lear spent a few days last week in Philadelphia, with Mrs. Sarah W. Pearson.

Harry Delany entertained out of town friends on Sunday.

Mr. and Mrs. Louis Twining visited friends in Philadelphia on Sunday.

Charles L. Wilkinson is having some of his old buildings repaired.

Mrs. William Tomlinson has had some improvements made in the interior of her house.

Mr. and Mrs. Harry Price, of Pineville, spent Tuesday with the latter's father, Frank Price.

Horace McComas and family, who spends the summer here, left Monday for their Philadelphia home.

Miss Elizabeth Twining spent a few days recently with her aunt, Mrs. Benjamin Kirk at Buckingham.

Mr. and Mrs. W. Nelbert left Thursday for Baltimore, where Mr. Nelbert will go in the chicken business.

Mr. and Mrs. William Tomlinson and son, Kenneth, spent Saturday at the Zoological Gardens in Philadelphia.

Some of the men around town went around Wednesday morning with long faces, while others were full of smiles, over election results.

CHURCHVILLE

ELECTRIC LIGHTS COMING.

Citizens of Churchville and Richboro held a meeting with the Philadelphia Suburban Gas and Electric company representatives at Heston's store, Churchville, in regard to lighting houses in Richboro and Churchville and intervening country with electricity. The requirements of the company are a certain number of motors and twenty subscriptions. These subscriptions are now practically assured and the people interested are delighted at the prospect of securing the improvement. The plant of the company is near Jenkintown station.

Wilson Brown is still suffering with a very sore arm.

Mrs. Aaron Vanhorne spent Wednesday at Newtown.

George Lownes sent a Charles G. Knight able to be out again.

Mr. and Mrs. William Bradford spent last Saturday in Newtown.

Mr. Harold Cornell has purchased a building lot from William D. Cornell.

Mrs. Ellen Jamison has returned home after spending several weeks at Newtown.

Chicken and oyster supper at the church this Saturday evening. Bear it in mind.

Mr. and Mrs. William Cornell recently visited in Ambler, Orland and Philadelphia.

Mr. and Mrs. Charles Beecher expect to spend most of the winter at Chesham.

Misses Florence and Bertha Harvinton entertained friends from Saturday until Monday.

Mr. Clinton Scott while automobile riding with his son-in-law, Mr. Paxson, of Newtown, was hurt in an accident.

Samuel Hall has moved to the farm of Harry Blood, and Harold Yerkes moved to the house of William Cornell, vacated by Paul.

Miss Minnie Donahower and niece, Marie Keyser, visited in Doylestown last week.

Mrs. Pearl Spencer and son, Albert, were visiting in Philadelphia, one day last week.

Mr. and Mrs. Frank W. Scott attended the Institute at Doylestown on Thursday last week.

Miss Ruth Spencer and Mrs. Carrie Lear spent a few days last week in Philadelphia, with Mrs. Sarah W. Pearson.

Harry Delany entertained out of town friends on Sunday.

Mr. and Mrs. Louis Twining visited friends in Philadelphia on Sunday.

Charles L. Wilkinson is having some of his old buildings repaired.

Mrs. William Tomlinson has had some improvements made in the interior of her house.

Mr. and Mrs. Harry Price, of Pineville, spent Tuesday with the latter's father, Frank Price.

Horace McComas and family, who spends the summer here, left Monday for their Philadelphia home.

Miss Elizabeth Twining spent a few days recently with her aunt, Mrs. Benjamin Kirk at Buckingham.

Mr. and Mrs. W. Nelbert left Thursday for Baltimore, where Mr. Nelbert will go in the chicken business.

Mr. and Mrs. William Tomlinson and son, Kenneth, spent Saturday at the Zoological Gardens in Philadelphia.

Some of the men around town went around Wednesday morning with long faces, while others were full of smiles, over election results.

CHURCHVILLE

ELECTRIC LIGHTS COMING.

Citizens of Churchville and Richboro held a meeting with the Philadelphia Suburban Gas and Electric company representatives at Heston's store, Churchville, in regard to lighting houses in Richboro and Churchville and intervening country with electricity. The requirements of the company are a certain number of motors and twenty subscriptions. These subscriptions are now practically assured and the people interested are delighted at the prospect of securing the improvement. The plant of the company is near Jenkintown station.

Wilson Brown is still suffering with a very sore arm.

OF INTEREST TO FARMERS.

TIMELY TOPICS OF PLANTS AND PESTS DISCUSSED WEEKLY
By H. A. Surface, State Zoologist of Pa.

EARTHWORMS ON ROOFS.

A Nurseryman of eastern Pennsylvania writes to H. A. Surface, Economic Zoologist of the State Department of Agriculture, asking where the earthworms appearing on his roof after a rain, come from, and suggesting that they are raised from the clouds. This the Professor explains is impossible, writing as follows in his reply:

"It is a question as to where the earthworms come from on the roof of a building after a heavy rain, and this is as yet unsettled. It is commonly believed that they 'rain down,' but scientists do not accept this view. They explain it by saying that they have been able to crawl up cracks of the building.

"The earthworm lays eggs and hatches from the egg and grows by living in the soil, feeding upon organic material there. It eats vegetation, and often acts as a pest in gardens. Its large holes in the ground are easily filled by water and it is quickly drowned out, and this accounts for its very ready appearance after the beginning of a rainfall. As they are seen crawling over walls and in other ways they have but recently come from their subterranean abode, and this really is no evidence that they fell with the rain.

"The earthworm does a great deal of good by finely perching the soil and also boring in it, permitting air and moisture to enter readily and facilitating the chemical changes of the forming plant food. On the other hand, they are often a nuisance by cutting and pulling down plants in gardens, and also by forming little mounds of castings on exposed ground. They can be killed by soaking the ground with salt water. It need not be necessary to make this strong enough to kill the vegetation growing there. Very strong salt brine will have this result unless weakened.

CARBOLIC ACID FOR SCALE.

It is quite remarkable to note the many new so-called remedies proposed and exploited for the San Jose scale. Among these is what is known as the "Carbolic Acid Cure." Professor Surface in his reply to a correspondent recently characterizes this as a "rank fraud" and delegates it to the same class as the "Scale poison and tree dope" now on the market.

Replying to your letter concerning the painting of your trees with carbolic acid for scale, I beg to say that it will do no good whatever. It is strange that people will continue to apply such fake remedies to their trees, and doubtless lose their trees. This is not quite as bad as the so-called "tree fertilizer and scale poison dope," which is to be put into a hole under the bark of the tree. I repeat this as a rank fraud, and real injury to the tree.

The crude carbolic acid will not hurt the tree much, and will kill those San Jose scale that it touches, but will injure no others. It is far better to spray the trees with the boiled lime-sulfur solution, either homemade or commercial, doing this at any time when the leaves are off. For only a few cents per gallon you can make up a spray solution for yourself, and will find it to be effective in destroying the scale and certain other insects with which it comes in contact, and it also destroys disease germs, and acts as a tonic on the tree.

"The amount of pruning for your newly planted trees depends upon the amount of growth they have made. As a rule, you need prune them only enough to shape the heads properly. Prune to an outer bud to spread the head of the tree and remove the central stems that would send them high in the middle."

CHESTNUT WEEVIL—BEAN WEEVIL.

One of the most damaging pests of chestnut is the weevil, the larva of which hatches and feeds within the chestnut. Belonging to the same family of insects as the bean weevil, and since no effective treatment has yet been discovered to prevent the infestation of weevils of chestnuts and beans, we must depend upon their destruction by fumigation or heating. A letter by Dr. Surface, State Zoologist, to a correspondent on this subject gives details of the method of doing this. The letter is as follows:

"Replying to your letter asking how to keep chestnuts from getting wormy, I must say that if any man were able to answer this question he would have the means of making his fortune. That is the greatest difficulty at present before chestnut growers, and in fact, the chestnut worm or weevil is the chief reason why chestnut culture has not been, and is not successful in this State. One of the pioneer chestnut growers, both of the native chestnut and the larger form known as the Paragon, was Mr. Knight, of Marietta. He had to give up the business many years ago because he was not able to control the worm. The same experience was later followed by another very extensive grower in Lancaster county, and another in Franklin county.

"I have had one of our employees working at experimentation on this subject, and the U. S. Department of Agriculture has made investigations and experiments for sometime without results that are satisfactory in controlling the pest. We know how to kill it in the chestnuts and keep it from getting through them, but no one knows how to keep it from entering."

"It should be remembered that the chestnut worm comes from an egg laid by a long snout beetle, called the chestnut weevil. This egg is laid while the burr is young, and the shell of the chestnut is very soft. It cuts through the burr into the soft young nut while it is growing on the tree. There is no hole left, and no evidence to show that the nut is infested or wormy. After it falls to the ground the larva, horse cut, enters the ground, where it remains during the winter, and generally, but not always, comes forth in the summer in the form

TO FARMERS.

of the adult snout beetle. It may remain more than one season in the subterranean retreat. We have tried fumigating the soil, and also spraying the chestnut with arsenical poison, and other material, but were unable to obtain satisfactory results in killing these pests.

"One of the great annoyances of the chestnut grower is to have these snouts or larva cut through the nuts as they occur in trees, numbers in the vessels in which they are shipped, and sometimes covering sidewalks in streets where they are exposed for sale. To prevent this the larva can be killed by fumigating with the liquid known as carbon bisulphide. By putting the nuts immediately after gathering in a vessel like a wash boiler, and pouring upon them a few ounces of carbon bisulphide and closing this vessel tight for a day, the larva will be killed. By sufficient ventilation the odor will entirely disappear. They can, also, be killed by heating the nuts, as in an oven. Of course, this kills only those that are in the nuts, and does not make the infested nut any more edible, nor does it prevent the possibility of the pest coming next year. The best plan for holding this insect in check in the chestnut grower is to gather the nuts just as soon as they mature in the fall of the year, and place them in vessels with tightly closed bottoms, from which the worm cannot escape. See to it that all the nuts are gathered, and that all the worms are killed. A continuation of this year after year may result in materially lessening their numbers."

HOW TO GET WINTER EGGS.

Careful Feeding and Housing Helps Early Pullets.

At this time of the year care should be exercised in housing the pullets that are to be the winter layers. One great mistake many make is in overfeeding and feeding improper food. Growing fowls cannot be expected to do their best in healthy development if not fed properly and given plenty of food. The theory that one can overfeed the growing pullets has been exploded, and many a flock has been retarded by under feeding. In some cases they are fed, but not in the proper kind to produce the best results. To get the flock as a whole in laying condition in the time required by the breed or variety the fowls must be properly grown from chickhood. It should be remembered that every check the flock gets in poor feeding or housing will take just that much longer for matured development. These fowls should be kept as a flock between five and six months from shell, if not properly grown would be from two to four weeks later, or longer, according to the check, or perhaps several checks received from chickhood.

In trying to obtain winter eggs from

the flock keep in mind that the pullets should not be overcrowded, should be well housed and properly fed. From three to four square feet of floor space should be allowed for each bird. The house, if possible, should face the south, or at least degrees east of south, and should be high enough in front to allow the winter sun to penetrate to the rear sill of the same. The house should be at least 12 to 14 feet deep so that no draughts will strike the fowls when the windows are open, and they should be open at all times during clear weather. The windows should be covered with muslin, thus insuring plenty of ventilation when closed, which should only be in cold weather at night, or during hard, freezing rains or snows. It should be remembered that dampness is one of the great evils the poultry raiser has to contend with, and is the cause of many ills in poultry. This will not happen in a properly constructed poultry house, with a clean litter of straw that helps absorb the moisture.

In feeding for the morning and evening grain feeds, good clean wheat, corn, oats and barley are good, feeding from four to six quarts per bird. In addition to this must be fed the concentrated feeds, the real egg makers which should be fed in a hopper and can be made up of the following: 200 pounds of bran, 100 pounds of middlings or shorts, 100 pounds of ground alfalfa meal, 100 pounds of ground oats, 15 per cent. of the mash that analyzes 50 per cent. of protein, and with good grit, oyster shell properly ground, and hatched at the right season of the year. One could hardly expect a flock hatched in June or July to become winter layers, as cold weather comes on before they are fully matured and checks egg development, the feed going to maintain body heat and developing instead of manufacturing eggs.

WILEY RULES ON VINEGAR

Product Made From Dried Apples Must Be So Labeled.

Dr. Harvey W. Wiley, chairman of the Board of Food and Drug Inspection, Washington, has written to local manufacturers giving the decision of the board as to what is cider vinegar. He says the board agrees that there is no objection to representing apple pomace as many times as desired, without addition of water, so long as that pomace does not become heated or decomposed.

"The board has also reached the conclusion," says Doctor Wiley, "that vinegar made from dried apples, from which skins and cores are not to be called cider vinegar, but must be labeled in some manner to plainly show its source, and where water is added to cider vinegar the label must show this fact."

Winter is Coming! Be Warm! Be Comfortable! Be Well! Windsor Stoves and Ranges

FROM FOUNDRY TO FAMILY—AT ONE SMALL PROFIT

Windsor Stoves and Ranges are Sold Over Our Satisfaction-or-Money-Back Guarantee

"Blizzard Coming! Heavy snow accompanied by zero temperature is expected before morning!" This is the sort of a weather report we can look for before many more days have rolled around. Makes a fellow feel sort of "chilly" even more than does it!

How about that old stove that gave you so much bother last winter? Remember, it will be worse than ever this year. Or that range that never has baked well and will not draw properly—that old "chilly" that is making your wife almost hate to go into the kitchen? Be prepared! Be comfortable!

What's the use of shivering through another winter when a few dollars will put you right in a Windsor stove? Windsor stoves are sold over our satisfaction-or-money-back guarantee. They are made in a foundry where that good old "cold man's friend" never stands! Windsor stoves will not rust, they will not burn your walls with a foul-smelling smoke, and they will not give you a headache with a Windsor stove.

Never before was a range built so well fitted to the needs of the home as a Windsor. The men who have devoted their lives to manufacturing stoves, and who have made them so perfect, are now making Windsor stoves and ranges that will give you the most perfect stove or range you have ever used.

We can save you just as much money on everything else you ever buy as we can on stoves and ranges. The best and most satisfactory purchases are made from our store. Stops Lameness

Sloan's Liniment is a reliable remedy for any kind of horse lameness. Will kill the growth of spavin, curd or splint, absorb enlargements, and is excellent for swellings, fistula and thrush.

Here's Proof.

"I used Sloan's Liniment on a mule for 'high lameness' and cured him. I am now a regular user of Sloan's Liniment and have bought more of it than any other remedy for a long time." L. A. Kiser, Canady, Ky.

"Sloan's Liniment is the best medicine I have removed very large blood boils off a horse with it. I have used it on a quarter crack on a mare that was awfully bad. I have also cured many swellings on the hocks. I have healed a group head on a mare that could hardly walk." Anthony G. Hayes, Oakland, Pa.

SLOAN'S LINIMENT

is good for all farm stock.

"I have had big hocks three days before we got your liniment, which I was told was the best. I used it for three days and my hocks are almost well. One leg was better before I got the liniment, but I have not lost my since." As J. McCarty, Louisville, Ind.
